Québec 

1. Workshop proposals can be a duration of either 75 or 175 minutes
2. Allotting time for questions and exchanges between participants is encouraged
3. Interested participants may submit more than one workshop
4. The workshop description must be aligned with the presentation
5. Workshop submissions from publishing houses must specify in the description that the goal of their presentations is to advertise their products (fees to publishing houses will apply)
6. **Main presenters pay a preferential congress rate** of 60\$, which includes lunches and snacks, but excludes lodging, transportation, and other meals

All presentation ideas are welcome in order to best address, highlight and celebrate the diversity and variety of educational success that contribute to the adult general education experience.

Though only selected candidates will be contacted, the organizing committee would like to thank all participants who submit a presentation proposal. The limited time of the event and space of the venue do force a selection process that is not reflective of the value or hard work of applicants.
